

Consumer Supported Agriculture – What is it and How Does it Work?

Presented by Eric Sexton, Nature's Choice Farm

Tuesday, March 18, 2014

The program is free and open to the public.

6-6:30 p.m. networking • 6:35-8 p.m. program

Brickstone Brewery 557 William R. Latham Drive, Bourbonnais

Menu items and drinks will be available for purchase.

For over 25 years, Consumer Supported Agriculture (CSA) has become a popular way for consumers to buy local, seasonal food directly from a farmer. Interested consumers purchase a “share” and in return receive a bag of seasonal produce each week throughout the farming season. Thinking about signing up for a CSA, or just want to learn more about what a CSA is and how it works? Come on out.

The event is sponsored by the Council for Community Sustainability, a public outreach group created as part of Kankakee Community College's sustainability initiative.
