Requesting Items for Purchase in the LRC Collection

Each year a schedule is developed for reviewing subject areas in the LRC collection. The cycle is based on a five year plan with each program and/or subject receiving an in-depth review once every 5 years. Beginning with the fall semester LRC staff will contact faculty to arrange a meeting. The purpose of this meeting is to seek faculty input as we consider purchasing new materials and the removal of outdated or worn material.

At any time faculty and staff are invited to request items for purchase. To request an item be considered for purchase contact the LRC at 802-8400 or Karen Becker at kbecker@kcc.edu 802-8405
