Kankakee Community College Police Department/ Department of Public Safety

An Overview

The Kankakee Community College Police/Public Safety Department provides law enforcement and public safety services to Kankakee Community College. The department is comprised of state-certified police officers, public safety officers, tele-communicators, and civilian support staff.

Police Division

KCC police officers are certified by the Illinois Law Enforcement Training and Standards Board. The police department's legal mandate and authority is derived from Illinois Compiled Statutes, Chapter 110 Section 805/3-42.1, 1993. This authorizes community colleges to have members be conservators of the peace and as such, all powers possessed by police officers, including enforcement of all traffic and criminal laws either state or municipal.

The statutes authorize law enforcement officials' jurisdiction, county wide, of the counties contained within Kankakee Community College District #520, which includes the following counties: Ford, Kankakee, Iroquois, Livingston, Grundy, and Will.

Police/Public Safety is authorized to enforce the rules and regulations of Kankakee Community College in the following ways: dispersing activities not permitted under campus guidelines; issuing of parking/traffic tickets; verbal warning to cease unauthorized activity; escorting violators from campus facilities; and making lawful arrests (including state felonies, state misdemeanors, and college ordinance violations).

In addition, our agency has sophisticated communications and radio systems to provide for instant communication between local and state agencies in times of emergency.

Please visit Police/Public Safety's website www.kcc.edu/police. This site includes detailed information about our services, along with a telephone directory of key department personnel.

Public Safety / Support Division

The Public Safety/Support Division of the Kankakee Community College Department of Public Safety is supervised by the Chief of Police. The Deputy Chief of Police oversees NIMS compliance and National Campus Safety Initiative compliance. The Chief of Police serves as the emergency coordinator for the campus.

Public Safety Officers work closely with our police officers, patrolling college properties and assisting employees and visitors in accessing campus facilities. They are non-sworn, uniformed officers who cannot arrest, but who will call police when necessary.

Public Safety also utilizes tele-communicators for office operations. The tele-communicators are responsible for answering radio traffic, handling phone inquiries, and assisting KCC patrons who need assistance while on campus. They are also responsible for records management, vehicle fleet management and employee key distribution.

Memorandums of Understanding

The Kankakee Community College Department of Police/Public Safety maintains close working relationships and has established Memorandum of Understanding Agreements with the following agencies: Kankakee City Police Department, Kankakee County Sheriff's Department, Village of Bradley Police Department, the Kankakee County Health Department, and other law enforcement agencies.

Police/Public Safety works closely with these agencies when incidents arise that require joint investigative efforts, resources, crime-related reports, and exchanges of information as deemed necessary. There is a county-wide Mutual Aid Agreement between agencies and other agencies within Kankakee County.

We rely on these relationships for support on several levels. In addition to sharing critical information, Public Safety has immediate contact with 911 services through Kankakee County Communications Center: Kan COMM / 911, and The City of Kankakee Fire Department. This arrangement gives KCC immediate access to mutual aid and support from all area emergency service agencies.

Safety and Crime Prevention Information

The Kankakee Community College Police/Public Safety is committed to providing information regarding campus safety, security, and crime prevention. This information may be disseminated and/or communicated as follows (but is not limited to these measures):

- Classroom talks are given at various times throughout the year at the request of instructors on a variety of campus issues.
- Brochures are available on various topics (domestic violence, identity theft, sexual-assault, and parking regulations) at the main office (Room L251or255), extension center offices, and various places on campus.
- *When Lightning Strikes*, a campus safety presentation to faculty and staff, when requested throughout the year.
- KCC maintains a Behavioral Intervention Team (B.I.T.) made up of members from the college and the community that assists with student safety issues. The BIT team can be contacted through any of its members directly or anonymously at <https://www.kcc.edu/bit>.
- Information can be obtained through the Public Safety website: www.kcc.edu/police
- Information may also be available at <http://my.kcc.edu> the college's website.

Police/Public Safety will facilitate (per departmental discretion) various awareness campaigns based on the Public Safety Education Calendar and with consideration for specific needs of the college.

Off-Campus Crime Reporting

Kankakee Community college relies on close working relationships with local law enforcement agencies to receive information about incidents involving students on campus. The Department of Police/Public Safety will actively investigate any allegation of crime it receives concerning or involving a member of the campus community. If the college is notified of a situation in which a campus member is the victim of a crime, Police/Public Safety may issue a Campus Safety Alert. This alert will detail the incident and provide information so that the campus and affiliated community members will be made aware of the crime activity, as a measure to insure the prevention of any increased crime activity.

When off campus, members of the KCC community are encouraged to report all crimes and public safety incidents to the local police agency in a timely manner. In cases of emergency, call 9-1-1.

Campus Safety and Security

Timely Warning/Emergency Warning Notices

Timely Warning – The Clery Act requires the campus community to be alerted of certain crimes in a manner that is timely and will aid in the prevention of similar crimes. A timely warning is issued when a crime involving Clery statistics presents a serious or continuing threat to students and employees.

Emergency Warning/Notification – Any significant emergency or dangerous situation involving the immediate threat to the health or safety of students or employees on the campus.

In the event a situation arises either on or near campus that, in the judgment of the Chief of Police/Public Safety (or his designee), or other senior KCC official(s), constitutes an ongoing or continuing threat to the campus community, a campus-wide “Timely Warning” or “Emergency Warning” notice will be issued. The warning may be issued with use of any or all the following communication options:

- **Mass Notification System.** The ENS Alert (Emergency Notification System) provides for voice and/or text messaging through KCC’s campus and extension centers and some Kankakee Community College’s cellular phone equipment
- Sheriff’s alert College subscription messaging service network
- Kankakee Community College Facebook page
- Posting information on <http://my.kcc.edu> (web-based portal site) and www.kcc.edu
- Emails sent from the Dean of Student Services
- Facebook @ www.facebook.com/KankakeeCommunityCollege

The relational resources held within the multiple college departments will be activated to optimize communication.

Anyone with information believed to warrant a timely or emergency warning should report the circumstances to the Department of Police/Public Safety, by phone (815-802-8190) or in person (Room L257). Contact may also be established through direct communication to any faculty or staff member, who is then responsible to immediately contact Police/Public Safety. In any emergency, it is always appropriate to contact local emergency services at 9-1-1.

Police/Public Safety is committed to a continual partnership with Kankakee Community College administrators, department chairs, and community emergency response agencies to ensure that adequate policies, training programs, and resources are in place to prevent violence and crime on college property as well as to provide timely warnings regarding the same.

Access to Campus Facilities

Access to Kankakee Community College campus buildings and grounds is a privilege extended to students, faculty, staff, and authorized guests. The college encourages an open environment with limited constraints to ensure the reasonable protection of all members of the campus community. Most campus facilities are open during the weekday business hours. Individuals who wish to access college buildings or property during non-business hours or for special events should contact the Police/ Public Safety at 815-802-8190 or Public Safety after hours at 815-802-8190. Very important to always keep your college identification if you are calling to access the building, it is required by everyone.

Special Permissions – Building Access

Arrangements to open buildings for special programs that are scheduled throughout the college should be made with the Kankakee Community College Police/Public Safety Department utilizing the R25 scheduling software system. Upon request, faculty and staff will be given access to their offices. Faculty and staff will need their faculty/staff ID to enter the building. Students are not allowed on campus after normal business hours without faculty or staff supervision.

Security Considerations – Maintenance of Campus Facilities

Kankakee Community College is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. Representatives from the Safety Committee continually conduct security surveys to ensure campus lighting is adequate and that the landscape is appropriately controlled. Police Department officers conduct routine checks of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officers will initiate a work order, which is acted upon by representative(s) of the KCC Physical Plant Department, usually within 48 hours. We encourage community members to report any deficiency in lighting to the Physical Plant Department at 815-802-8174. Any guest or community member who has a concern about physical security should contact Police/Public Safety at 815-802-8189, leave a message and your called will be returned.

Police/Public Safety and Physical Plant representatives work together to identify inoperative locking mechanisms. We encourage community members to promptly report any locking mechanism deficiency to the Physical Plant Department at 815-802-8174, or to the Department of Police/Public Safety at 815-802-8189.

Police/Public Safety is available to respond to calls for service regarding unsafe facility conditions or for personal safety and property protection. These conditions may also include unsafe steps or handrails, unsafe roadways on campus, and unsecured equipment.

Workplace/Campus Violence

Kankakee Community College will not tolerate violence or threats on campus or in connection with college events. Individuals who violate this policy statement may be subject to disciplinary action up to and including employment termination or expulsion. Individuals who intentionally bring false charges against another may also be subject to disciplinary action up to and including employment termination or expulsion.

Crisis Management Team

Kankakee Community College is concerned for the safety and well-being of its students, faculty, staff, and visitors. In response to this concern, we have created a Crisis Management Team.

In the event of a large-scale emergency on campus, the Crisis Management Team is responsible for managing the crisis and the aftermath. Once the immediate emergency is over, the Crisis Management Team assists in returning the campus to normal functioning as soon as possible. The Crisis Management Team determines what services are needed to meet the needs of those impacted by the disaster and makes the decisions for those services to be provided.

The President of the College will serve as Director of the Crisis Management Team. The Crisis Management Team includes the following Kankakee Community College representatives:

- Vice President for Finance & Administration
- Vice President for Instructional and Student Success
- Chief of Police
- Deputy Chief of Police
- Director of Information Technology
- Dean of Student Development/Title IX Coordinator
- Director of Marketing & Public Relations
- Assistant Director of Physical Plant
- Coordinator of Facility Construction and Building Maintenance
- Administrative representative from the area or areas directly impacted by the emergency (Associate Dean, Campus Administrators, etc.) as determined by the Crisis Management Team Director.

Behavioral Intervention Team (BIT)

KCC is committed to providing an environment in which individuals are free to work, learn, and teach, unencumbered and uninhibited by threat of intimidation and harm.

The [Behavioral Intervention Team \(B.I.T.\)](#) was created to address potential behavioral concerns with individuals. Since faculty, staff, and friends are often among the first to notice when a member of the KCC community is distressed or behaving in a potentially dangerous or disruptive manner, the BIT has created a confidential report process. The BIT will use a collaborative approach to assess and proactively respond when an individual's behavior causes concern. The Kankakee Community College Behavioral Team Members include:

- Dean of Student Development/Title IX Coordinator
- Director of Admissions and Registration/Registrar
- Chief of Police
- Deputy Chief of Police
- Director of Support Services
- Director of Human Resources
- President of Faculty Union/Faculty Member
- Director of Student Advisement Services
- Coordinator/Interpreter of Disability Services
- Director of Educational Talent Search/Upward Bound
- Community Crisis Counselors/Confidential Advisor
- Community Mental Health Advocate
- Community Law Enforcement Representative

Weapons on Campus

Unless given special permissions from the Kankakee Community College Department of Police/Public Safety, pursuant to Illinois law 720 ILCS 5/24-1, Unlawful Use of Weapons, all weapons are prohibited on all Kankakee Community College properties. Except for sworn police officers or other law enforcement officials, it is illegal to bring or possess ANY firearm on any Illinois school, college, or university campus.

Firearm restrictions include but may not be limited to any air soft gun, air gun (including pellet and BB guns that utilize air, CO2, or spring pressure to propel a projectile), or any toy gun which strongly resembles a real gun. In addition to firearms, large knives, swords, dirks, daggers, scissors, and ice picks are prohibited, as well as slingshots, and explosives of any kind (including fireworks).

If any person is seen carrying or concealing a weapon in or at any facilities owned, operated, or controlled by Kankakee Community College, information regarding same should immediately be reported to Police/Public Safety and/or the local 9-1-1 call center. Any unauthorized person in possession of a weapon on campus is in violation of Illinois state law and is subject to arrest. Police/Public Safety reserves the right to confiscate any device that is or could be deemed dangerous or hazardous to self or others.

In accordance with Illinois law 430 ILCS 66/65 (15), Firearm Concealed Carry Act, there is a parking lot exemption for Concealed Carry License holders in prohibited places. Any licensee prohibited from carrying a concealed firearm into the parking area of a prohibited location shall be permitted to carry a concealed firearm on or about his or her person within a vehicle into the parking area and may store a firearm or ammunition concealed in a case within a locked vehicle or locked container out of plain view within the vehicle in the parking area. A licensee may carry a concealed firearm in the immediate area surrounding his or her vehicle within a prohibited parking lot area only for the limited purpose of storing or retrieving a firearm within the vehicle's trunk, provided the licensee ensures the concealed firearm is unloaded prior to exiting the vehicle.

Fire Safety

Fire Alarm Policy

Upon activation of the fire alarm system, all persons shall evacuate their lab, classroom, office, or any other building or structure, and meet at the predetermined emergency assembly point. For large indoor venues, attendees should proceed towards the nearest exit and follow any verbal direction provided by safety personnel or management, when applicable. When evacuating, people should remain vigilant for dangerous or criminal activity that may have preceded the evacuation notice. Notice is given that there have been recent national trends whereby individuals, often intent on doing harm to others, will create a diversion or activate a fire alarm to gather people in one location. Observation of this type of criminal or suspicious activity should be immediately reported to police.

Fire Safety

Fire Alarm Policy

Individuals who ignore fire alarms and required evacuations may face disciplinary action. Since false alarms may lower the evacuation responses, the college will analyze the cause or causes of false alarms and work to reduce their occurrence. By reducing the number of false alarms, we hope to maintain diligence in responding.

Candles and Torches

Candles (including decorative, unburned wicks, etc.), torches, incense, and any other open flame devices are strictly prohibited in campus buildings.

Smoke-free Environment

On July 1, 2015, Kankakee Community College in compliance with the Smoke-Free Campus act (110 ILCS 64) banned all smoking and tobacco products on the school grounds. This includes but is not limited to any form of smoked tobacco, chewing tobacco and electronic cigarettes, e cigarettes, and any other devices.

Emergency Response and Evacuation

Emergency Preparedness

Kankakee Community College is proactive in being prepared for emergency situations. The college activated the Emergency Management Initiative in 2009 under the leadership of the Director of Public Safety and the support of college administrators. This program has facilitated the development of a collaborative college community that is ready and willing to support and protect the campus.

- Through the National Incident Management System (NIMS), KCC has developed techniques that support requirements in emergency operations with a focus on Incident Command Systems and Unified Command.
- Partnerships have been developed with all local, county and state emergency service agencies.
- A Memorandum of Understanding Agreement was signed by representatives of KCC and the Kankakee County Department of Public Health designating KCC as an emergency safe shelter destination.

- Kankakee Community College is an active member of the relocation center for the Red Cross and the Commonwealth Edison Braidwood power station.
- Kankakee Community College is an active member of the International Association of Campus Law Enforcement Administrators (IACLEA).
- Kankakee Community College is also an active member of the Illinois Campus Law Enforcement Administrators (ICLEA)
- Kankakee Community College is an active member of the Eastern Illinois Police Chiefs Association
- KCC implemented the Emergency Notification System (ENS) to allow authorized officials of the college to send news and instructions simultaneously to individuals through VOIP phone, cell phones, text messaging, and email within moments of a reported critical incident.
- The KCC Department of Police/Public Safety actively coordinates and hosts practical response drills.
- Police/Public Safety and the Physical Plant Department facilitates coordination and certification of eligible faculty, staff, and students in the area of American Red Cross certification for First Aid, CPR, and AED.
- All Police/Public Safety police officers are First Responder-certified.

In the event of a significant emergency or dangerous situation on campus that involves an immediate threat to the health and safety of the campus population, the KCC Department of Police/Public Safety will initiate, without delay, an emergency warning notice. The warning may be issued with use of any or all of the following communication options:

- Communication through college telephone messaging
- Voice and/or text messaging through college and private mobile phone equipment
- College-wide email system to all students, faculty, and staff
- College-wide “pop-up” messaging for all college computers logged on to the college network system.
- www.facebook.com/KankakeeCommunityCollege

Considering the safety of the community, the notification will be sent to all parties in the Kankakee Community College campus alert system unless issuance of the notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The content of the message will vary depending on the situation.

Information about campus emergencies can be obtained from the following areas:

- Kankakee community College General Website: www.kcc.edu
- KCC Department of Police/Public Safety: 815-802-8195 or 8189.

Emergency Communications

After an emergency, such as a tornado, local telephone lines may have reduced capacity. It is not recommended to attempt to make phone calls immediately after an emergency unless it is to report a life safety situation. This practice will allow lines to remain open for emergency services and communications.

Rescue Assistance Areas

Rescue Assistance Areas are gathering points for individuals who need evacuation assistance in the event of a campus emergency. Three Rescue Assistance Areas have been identified across campus and are marked with illuminated signs.

In the event of an emergency, if you need assistance evacuating, go to one of the following designated areas. Rescue personnel will check these areas in the event of a campus evacuation. If necessary, use the phone to dial 9-1-1.

- WDC building South stairwell
- L Building East stairwell.
- Arts & Science building west stairwell.

Automated External Defibrillators (AED)

KCC has several AEDs throughout the campus. Since we are continually improving on the number and locations of the AEDs, please see the list below for the most current locations of AEDs on campus. As a reminder, call 9-1-1 in the event of an emergency.

Victims of Crime

The Department of Police/Public Safety and the college will treat all victims with respect, state rights and legal options clearly, and cooperate fully with them in exercising those rights. The victim of a crime has the right to have the offense investigated by criminal and civil authorities. Victims of sexual assault have the right to full and prompt cooperation and assistance in obtaining evidence that is necessary for proof of criminal sexual assault, including a medical examination, the right to freedom from pressure by campus authorities to report crimes as lesser offenses, and the right to be made fully aware of and assisted in exercising state or federal legal rights to test sexual assault suspects for communicable diseases.

The college provides support services through the Dean of Student Development's office located on the second floor of the L building room L201. This office also serves as the college Title IX coordinator. The support services are voluntary and without charge. The college observes a professional code of ethics. In addition, KCC maintains working relationships with several local providers of victim advocate care, including but not limited to CLOVE Alliance, Aunt Martha's, and Riverside Medical.

Confidential Reporting

The Kankakee Community College Department of Police/Public Safety (and its partners in Clery Act compliance) encourages, but does not limit, crime reporting in the following manners:

Confidential and direct communication with Kankakee Community College Police/Public Safety staff, the Title IX Coordinator, or other Campus Public Safety may be made, in which a personal consultation occurs to discuss the crime report. Information and matters discussed will be held in strict confidence subject only to release in accordance with regulations as established in a court of law, or in the Clery Act.

Confidential reporting of a crime can be made online by going to <https://www.kcc.edu/about/police-and-safety/-reporting-a-crime>. This reporting tool allows information about erratic or disruptive behavior, drug and/or alcohol abuse, disturbing writings, talk of suicide or other worrisome behaviors to be anonymously reported to the Behavioral Intervention Team (BIT) without identifying the person(s) submitting the report. With consideration of this tool's usage intent, the BIT and the Department of Police/Public Safety will not attempt to make contact with persons opting to submit an anonymous report (excluding cases whereby potential for imminent danger exists for the person submitting the report or potential danger to the college and its community), but will investigate claims made in the report to remedy safety and/or crime concerns or take proactive measures toward education and/or crime prevention. [File a complaint against officer.](#)

Violence Against Women Reauthorization Act (VAWA)

Safety Report Statement

Sexual assault, sexual harassment and sexual violence will not be tolerated at Kankakee Community College. All students, faculty, staff, and visitors are subject to this statement. Violators may be subject to discipline including, but not limited to termination, expulsion, or other appropriate institutional sanctions. Prosecution by the criminal and/or civil justice system may also occur. Kankakee Community College affiliates (students, faculty, staff, and/or visitors) suspected and/or accused of sexual assault, harassment or violence may be subject to disciplinary proceedings as per college policy.

Kankakee Community College urges any individual who has been sexually assaulted or sexually harassed to report the incident to the Department of Police/Public Safety or other trusted college official. Reporting is encouraged, even if the victim opts not to pursue legal prosecution, so that the college can make resources available to the reporting victim to assist in the associated healing process.

The U.S. Department of Justice reports that acquaintances account for 67% of rapes nationwide and 90% on college campuses. These studies further conclude that a woman has between 20-25% chance of being sexually assaulted during her college years.

Definitions

Consent is defined in Illinois as a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent.

Sexual Assault: "Sexual Assault" means an offense that meets the definition of rape, fondling incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is defined as non-forcible sexual intercourse with a person who is under the statutory age of consent.

Domestic Violence: The term "domestic violence" means either felony or misdemeanor crimes of violence committed by 1) a current or former spouse or intimate partner of the victim, 2) a person with whom the victim shares a child in common, 3) a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, 4) a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred or 5) any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: Violence committed by a person 1) who is or has been in a social relationship of a romantic or intimate nature with the victim and 2) the existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved with the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Illinois has not defined "Dating Violence" in the criminal code. There is, however, a "Teen Dating Violence" statute that is defined as "A pattern of behavior in which a person uses or threatens to use physical, mental, or emotional abuse to control another person who is in a dating relationship with the person, where one or both persons are 13 to 19 years of age or behavior by which a person uses or threatens to use sexual violence against another person who is in a dating relationship with the person where one or both persons are 13 to 19 years of age."

Stalking: The term “stalking” means 1) engaging in a course of conduct directed at a specific person that would cause a reasonable person to 1) fear for the person’s safety or the safety of others or 2) suffer substantial emotional distress. For the purposes of this definition:

- 1) Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.
- 2) Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.
- 3) Reasonable persons mean a reasonable person under similar circumstances and with similar identities to the victim.

Education and Prevention Programs

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that,

- a) Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct.
- b) Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking.

- e) Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims to promote safety and to help individuals and communities address conditions that facilitate violence.

Kankakee Community College has developed an annual educational campaign (Red Flags) consisting of presentations that include distribution of educational materials to new students and participating in and presenting information and materials during new employee orientation.

Procedures for Reporting a Complaint

Kankakee Community College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Kankakee Community College will make such accommodation, if the victim requests them and if they are reasonable and available, regardless of whether the victim chooses to report the crime to Kankakee community College Police/Public Safety or local law enforcement.

The priority in a sexual assault is the victim's safety. Those who may have experienced sexual assault, domestic violence, or dating violence are encouraged not to be afraid to seek medical attention and/or to contact the Kankakee Community College Department of Police/Public Safety or other trusted college official to receive resources, professional assistance, and guidance.

If you have been a victim of sexual assault, domestic violence or dating violence, consider the following:

Seek medical attention immediately. With the intent of preserving evidence, and not disturbing the crime scene, victims should not shower, change clothes, or disturb the scene of the attack, but should go to the emergency room of a hospital. It is suggested that a friend accompany the victim to the hospital, if possible.

Local hospital/sexual assault resources:

- Riverside Medical Center
- Riverside Behavioral Health Services
- Presence Medical Center – Free to Victims of Sexual Assault
- Helen Wheeler Center for Community Mental Health
- CLOVE Alliance - Kankakee County Center Against Sexual Assault
- Harbor House – Kankakee County Coalition Against Domestic Violence
- Prairie State Legal Services
- Catholic Charities

Hospital personnel will treat the physical consequences of assault (injury, infection, disease, and pregnancy). Hospitals can also collect evidence that will be needed in the event the victim decides to report the crime to law enforcement. Hospitals are required to inform local law enforcement agencies of sexual assault cases; however, the victim may choose whether to speak with police personnel, college counseling services, or to Public Safety personnel. In the event a victim of sexual assault does not have the financial means (healthcare insurance, self-pay, etc.) to pay for medical treatment resulting from the assault, upon request, local hospitals may have resources that can grant funding to pay for expenses related to sexual assault including medical procedures, exams, prescriptions, and other medication.

Reporting Sexual Assault to the Police

Although it is not required and is entirely left to the discretion of the victim, the Kankakee Community College Department of Police/Public Safety encourages reporting sexual assault, domestic violence, dating violence and stalking to the police. Reporting to the police may seem intimidating, but there is no need to be afraid. Police officers are specially trained to handle such situations with sensitivity and compassion, and victims can feel free to bring a friend or an advocate to accompany a police interview regarding the crime. Properly reporting assault crimes can assist the victim in regaining a sense of personal power and control over the situation.

Victims of sexual assault, domestic violence, dating violence and stalking are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs, or other copies of documents, if they have any, that would be useful to college hearing boards and police.

For sexual assault, domestic violence, dating violence and stalking that occurs on Kankakee Community College properties or at any KCC sanctioned event or activity, contact should be made with the Department of Police/Public Safety at 815-802-8190 or by calling 9-1-1. Calling 9-1-1 on your cell phone will put you through to Kan COMM. They will take your information and pass it to the Kankakee Community College Police Department, who will respond.

For off-campus incidents, victims may also feel free to contact the Kankakee Community College Police Department as noted above, or the local police department for the city in which the incident occurred.

What Happens when Sexual Assault, Domestic Violence, Dating Violence or Stalking is reported to the Police?

When a sexual assault, domestic violence, dating violence or stalking case is reported to the police department, the assigned officer will respond to meet the victim in a location preferred by the victim. The victim may request to speak with a male or female officer, depending on personal preference (if there is a preference). The officer will take a preliminary statement to obtain the basic facts of the case and will likely recommend the victim seek medical attention if an assault has occurred.

Some victims of sexual assault domestic violence, dating violence or stalking, are not certain if they want to pursue criminal charges. This is a personal decision that must be made by the victim. Regardless of the choice, the Kankakee Community College Department of Police/Public Safety and the college will respect the decision of the victim as to whether criminal charges are pursued. As means of preventing recurrence of similar crimes, the victim is encouraged to report the crime and the name of the accused so that necessary resources can be dedicated to recurrence prevention. Additionally, reporting allows for the provision of expanded support service information to the victim.

- Both the accuser and the accused are entitled to equal disbursement of information regarding disciplinary proceedings and/or associated investigations.
- Both the accuser and the accused are entitled to the same information regarding the outcome of any institutional disciplinary proceeding that is brought alleging the offense.

Risk Reduction

Although we cannot guarantee that you will never be a victim, there are steps that can be taken to minimize those chances. The following are suggestions to incorporate into daily routines:

On the Street:

- Do not walk alone unless it is necessary.
- Be aware of what is happening in your surroundings. Know where you are and where you are going.
- If you walk regularly, vary your route. Do not be predictable! Walk away from bushes, alleys and dark entryways. Stay in well-lighted areas.
- Take precaution to prevent being surprised. Attackers rely on the element of surprise. Do not wear headphones when walking alone.
- Trust your instincts. If you think you are being followed, walk toward a busy, lighted area. Scream loudly to attract attention and tell someone to call the police.
- If someone bothers you from a car, turn and walk in the opposite direction. If possible, get a license plate number. When you are in a safe place, call 9-1-1.

Jogging in Athletic Parks and Streets:

- When possible, run with a friend or in a group.
- Try to avoid running alone during the evening hours.

Social Situations:

When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.

- Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, get a new one.
- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- Watch out for your friends and vice versa. If a friend seem out of it, is way to intoxicated for the amount of alcohol they've had or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (You will need a urine test and possibly others)
- If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate you discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - Lie. If you don't want to hurt the person's feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else you need to be, etc.
- Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

In Your Vehicle:

- Always have keys in your hand as you approach your vehicle. Avoid having to look through bags or purses to find keys.
- Always maintain focus and attention on surroundings. Be aware of what is happening around you.
- Always look inside your vehicle in the back seat, and on the floor before you get into it.
- Upon entry to your vehicle, immediately lock doors. Keep the car doors locked and your windows up when driving.
- Always have plenty of fuel in the tank of your car.

Preparing for Vehicular Emergencies:

- Know how to change a flat tire. Make certain that the spare tire is in good condition and that the proper auto safety equipment is in your car.

- If your car breaks down at night, turn on your emergency flashers. Remain in your car with the doors locked and the windows closed until the police arrive.
- If another motorist stops to assist you, roll the window down slightly, and ask him or her to call the police or towing service.
- Always carry your cell phone or enough money to make an emergency call.

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up or do something about it”. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who look like they could be in trouble or need help, ask if they are ok.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off campus resources listed in this report for support in health, counseling, or with legal assistance.

In addition, as the campus and all college properties are a smoke-free work environment, the use of any tobacco products is prohibited. This includes but is not limited to smokeless tobacco and electronic cigarettes.

Campus Crime Statistics

In 1990, the federal government, through the U.S. Department of Education, passed the Student Right-to-Know and Campus Security Act. This act requires colleges and universities to provide information to students and to employees regarding campus crime statistics. These statistics are compiled per the calendar year, January 1 through December 31. This information is provided so that current students, prospective students, employees, and visitors are aware of their environment as it relates to campus safety and security. Statistics regarding occurrences of campus crime, as reported to the Kankakee Community College Department of Police/Public Safety, are provided in the annual publication Campus Safety and Security Report, on the Public Safety website (<https://www.kcc.edu/police>) and at the Police/Public Safety main office (Room L257).

Violence Against Women Reauthorization Act (VAWA)

The Violence Against Women Reauthorization Act (VAWA), which President Barak Obama signed into law on March 7, 2013, imposes new obligations for colleges and universities under its [Campus Sexual Violence Act \("Save Act"\) provision, Section 304](#).

As of March 7, 2014, under VAWA, colleges and universities are required to:

- Report Domestic violence, dating violence, and stalking beyond crime categories the Clery Act already mandates.
- Adopt certain student discipline procedures, such as for notifying purported victims of their rights.
- Adopt certain institutional policies to address and prevent campus sexual violence, such as to train respected pertinent institutional personnel.

New reporting requirements from VAWA Safe Act provision:

- Adds domestic violence, dating violence and stalking to categories that must be reported under Clery, if the incident was reported to campus police, or public safety authority or local police agency
- Adds "national origin" and "gender identity" to the hate crime categories that must be reported under the Clery Act
- Requires, with respect to the "timely reports" the Clery Act mandates, that victim's names be withheld.

The effective date for these requirements is March 7, 2014. The Department of Education will issue guidance on the annual campus security report by updating its [Handbook for Campus Safety and Security Reporting \(Feb 2011\)](#).

Kankakee Community College Department of Police/Public Safety will continue to update the Annual Crime Report as guidelines are given.

Clery Act Compliance Committee

The Clery Act Compliance Committee is designed to facilitate the following:

- Be empowered with accurate information regarding
 - o Annual report and daily log requirements of Crime classification definitions.
 - o How to address a program review and use Department of Education resources

Annual Disclosure Requirements

The annual crime statistics are prepared by completing a comprehensive review of all incident reports taken by the Kankakee Community College Department of Police / Public Safety, all crime information requested and received from an authorized college employee, student, or patron, and all crime information requested and received from local law enforcement. To have the most comprehensive crime information, all criminal activity should be reported to Police/Public Safety.

The annual report, titled Campus Safety and Security Report, may be found on the Kankakee Community College website (www.kcc.edu/police), or a paper copy may be received by contacting Police/Public Safety at 815-802-8189.
